## RESERVATIONS TO HUNT ON STATE-OPERATED WILDLIFE AREAS

Reservations to hunt on State-operated wildlife areas are distributed by random drawings. All applications to hunt at State-operated wildlife areas must be received at the License and Revenue Branch in Sacramento at least 17 days prior to the shoot date. Late applications will be disqualified.

**IMPORTANT:** Hunters must provide a valid annual hunting license number and their driver's license or DMV-ID number when filling out applications.

Successful applicants will receive a reservation post card which they can take to the wildlife area for admission. Hunters who receive reservations will still need to purchase one-day, two-day, or season passes for admittance to the area.

As in previous years, hunters have three options to choose from when applying for reservations:

- **One Choice Application** - Requires hunters to fill out their personal data (name, address, hunting license number and driver's license number) and then choose any available shoot date and area throughout the 2004/2005 waterfowl season. This form is available from license agents and DFG license sales offices.
- **Five-Choice Application** - Enables hunters to enter their personal data only once, while allowing them to apply for five areas on different shoot dates; or five shoot dates for the same area; or any combination thereof. This form is available from license agents and DFG license sales offices.
- **Season-Long Application** - Enables hunters who submit numerous applications each year to fill out their personal information just once and apply for every available Saturday, Sunday, and/or Wednesday shoot date throughout the season at any Type A State-operated wildlife area. Hunters who participated in the 2003/2004 waterfowl reservation drawings will be mailed season-long applications in early September. Additional season-long applications are available from DFG license sales offices and online at [www.dfg.ca.gov/licensing/waterfowl/waterfowl.html](http://www.dfg.ca.gov/licensing/waterfowl/waterfowl.html).
